ABOUT OUR FIRM

Our firm is dedicated to providing the highest quality of legal representation to accident victims. We represent only accident victims — we do not represent insurance companies. We aggressively fight for our clients' rights and try to resolve your claim as fast as possible, with the goal being to obtain the maximum compensation for you.

TYPES OF CASES

We handle all types of personal injury cases, including:

- Auto accidents
- Slip and falls
- Injuries from defective products
- Medical malpractice
- Other kinds of injuries

SERVICES OFFERED

We offer a variety of services to accident victims, including:

- helping you get the necessary medical treatment for your injuries.
- helping you get your car or other property repaired or replaced.
- recovering for you medical expenses, lost income and all other damages that you are entitled to receive from your accident.

EXCELLENT RESULTS

Our law firm has already collected millions of dollars for accident victims. We have the expertise and resources to deal with the large insurance companies and to maximize recoveries for our clients.

NO FEE IF NO RECOVERY

We can help you on a contingency fee basis. This means there is no legal fee unless we obtain a recovery for you. The fee is a percentage of the recovery. This arrangement lets you get legal help after an accident regardless of your income.

There is never a charge for an initial consultation, or for phone calls or other contact with the attorney or staff.

KEEPING IN TOUCH

We keep you informed about your claim as it moves forward. Even when you do not hear from us, we are working on your case. You are welcome to call at any time to provide information on your case or ask a question.
